RCA does store some supplies and Vendor picks up as needed. Revenue and Consumer Affairs (not Animal Control) will attempt to have direct drop ships of most required supplies (pre-printed forms and envelopes) from forms or envelope vendors to this service vendor when possible. Vendor will need to pick up insert supplies as needed at Seattle Animal Shelter, 2061 15th Ave. W., Seattle. The price adder for any blank stock, provided by the Vendor, will be mutually agreed upon between the ordering department and the Vendor prior to the start of the job.
2. Vendor will send and receive electronic transmitted file data generated by the Revenue and Consumer Affairs (RCA) computer system SLIM, which stands for the "Seattle Licensing Information Management" and CATS – which stands for Computerized Animal Tracking System. Vendor must be able to manipulate the printing of the data as submitted to correspond to the format required by various forms.
3. Vendor will adapt to new formatting and be able to test data for such changes, working with the City-RCA systems personnel that monitor and continue to develop the SLIM system and the CATS system. Vendor will adapt to minor changes in alignment due to stock revisions or year to year variations in registry based on printer vendor changes.
4. Vendor will print scanable bar codes that can be read by the equipment used by the Remittance Processing Unit of the Treasury Services Division – Department of Executive Administration. For RCA forms, 3 of 9 .TTF or True Type Font.
5. Vendor will print to an OCR format that can be read by NCR equipment that uses application software from WAUSAU Financial Systems in a process called Image RPS used by the Remittance Processing Unit of the Treasury Services Division – Department of Executive Administration. OCR format for RCA's Business License Renewal Forms & 2nd Notice Business License Renewal Forms
6. Vendor will provide laser printing in at least three ink colors - two on one form (black and one color).
7. Vendor will handle a large volume (up to 150,000 printed forms at one time) in an acceptable turnaround time meaning less than 5 days. This turnaround time would include processing data received from RCA, printing the required forms, folding and stuffing the forms, folding/stuffing any extra attachment-insert materials, return envelopes and

complete the process by delivery to bulk mail center using the RCA permit number and metering of any ineligible pieces.

8. Any postage fee is then billed to City on monthly invoice with printing and other charges. Postage fees must be itemized on all invoices. Bulk rate charges to our permit must also be listed and broken down by type and fee, though shown as no charge on the invoice.
9. Vendor will convert the City's data address files to meet the USPS requirements for zip + four bar-coding and any other USPS requirements to obtain the lowest rates on Bulk mail – 1st Class permit.
10. Vendor will print required information on #9 and #10 envelopes when processing any job requested that RCA does not supply pre-printed stock.
11. Vendor will issue a separate monthly invoice, to each ordering department. Mailing address for invoicing will be provided at the time the contract is awarded.

CONTRACT

Terms and Conditions

1. **Entire Agreement.** This Contract including all attachments, amendments and subsequently issued change notices, comprises the entire agreement between the City of Seattle (Seattle) and the Contractor. The City's Purchase Order, the Vendor Offer including all attachments, the Addendum to the Bid, the ITB specifications, the ITB instructions and ITB Attachments, are explicitly included in this Contract. Where there are conflicts between these documents, the controlling document will be in that same sequence, with the first taking priority over the last listed.
2. **Term:** Any term specified in the solicitation or specification shall prevail. Should this be a one-time purchase, the Contract shall commence on the date the City's Buyer signs the same and shall expire sixty (60) days after delivery and acceptance of last item. If a Blanket Contract award, this contract shall be for the term specified in the solicitation, and if not specified shall be five years, with one two-year extension allowed at the option of the City. Such extensions shall be automatic, and shall go into effect without written confirmation, unless the City provides advance notice of the intention to not renew. The Vendor may provide also provide a notice to not extend, but must provide such notice at least 45 days prior to the otherwise automatic renewal date.
3. **Schedule:** Unless the City's Buyer issues a written change, Contractor shall deliver the items or render the services by the "Last Item Due Date" stated on the Contract signature page. At the City's option, Contractor's failure to timely deliver or to perform may require expedited shipping at Contractor's expense, or may be cause for termination of the Contract and the return of all or part of the items at Contractor's expense. If Contractor anticipates difficulty in meeting the schedule, the Contractor shall promptly notify the City's Buyer of such difficulty and the length of the anticipated delay.
4. **Scope of Work:** Contractor shall provide the products and/or services specified within this Contract.
5. **Adjustments:** The City's Buyer at any time may make reasonable changes in the place of delivery, installation or inspection; the method of shipment or packing; labeling and identification; extension of contract duration, and ancillary matters that Contractor may accommodate without substantial additional expense to the City.
6. **Changes and Expansion Authority:** No modification of this Contract shall be effective unless in writing and signed by an authorized representative of the City. The only person authorized to make amendments on behalf of the City is the Buyer from the City Purchasing Office of the Department of Executive Administration, City of Seattle (also referred to as the City RFP Coordinator) designated for this contract except as otherwise authorized herein or by the City Purchasing Services Division. The City Buyer shall issue change notices to Contractor, and such notices shall take effect under the signature of the City unless written objection of the notice is received by the Contractor upon Contractor receipt of the change notice.

Federal Amendments: Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy, per OMB Circular A-102 Common Rule, Section 36.

7. **Expansion:** This contract may be expanded as mutually agreed, if such expansion is approved by the City Buyer. Expansions must be issued in writing from the City Buyer in a formal notice. The Buyer will ensure the expansion meets the following criteria collectively: (a) it could not be separately bid, (b) the change is for a reasonable purpose, (c) the change was not reasonably known to either the City or vendors at time of bid or else was mentioned as a possibility in the bid (such as a change in environmental regulation or other law); (d) the change is not significant enough to be reasonably regarded as an independent body of work; (e) the change could not have attracted a different field of competition; and (f) the change does not vary the essential identity or main purpose of the contract. The Buyer shall make this determination, and may make exceptions for immaterial changes, emergency or sole source conditions, or for other situations as required in the opinion of the Buyer. Note that certain changes are not considered an expansion of scope, including an increase in quantities ordered, the exercise of options and alternates in the bid, or ordering of work originally identified within the originating solicitation. If such changes are approved, changes are conducted as a written order issued by the City Purchasing Buyer in writing to the Vendor.

8. **Payment:** Seattle agrees to compensate as specified herein or attached, in consideration of acceptable Contractor performance. Payment shall only be made for services performed and/or product delivered, after receipt, review and authorization by the City. Such payment shall be paid according to early payment discount terms, or if no early payment discount is offered, thirty (30) days after the City's receipt and acceptance of the goods or completion and acceptance of the services. Payment periods will be computed from either the date of delivery an acceptance of all goods ordered, the acceptance by the City of completion of all services, or the date of receipt of a correct invoice, whichever date is later. This section is not intended to restrict partial payments that are specified in the contract. All dollars referenced in this Contract and attachments are US Dollars.
9. **Invoices:** Invoices must show a breakdown of services or products provided and price for each. Invoices must specify the Name and Phone Number of the City employee that placed the order. **Contract Number on Invoice:** The Vendor is required to prominently print the City Contract Number on the Invoice.

11. **Taxes, Fees and Licenses.**

Fees and Licenses: Contractor shall pay for and maintain in a current status, any license fees, assessments, permit charges, etc., which are necessary for contract performance. It is the Contractor's sole responsibility to monitor and determine any changes or the enactment of any subsequent requirements for said fees, assessments, or charges and to immediately comply with said changes during the entire term of this Contract. Contractor must pay all custom duties, brokerage or import fees where applicable as part of the contract price. Contractor shall take all necessary actions to ensure that materials or equipment purchased are expedited through customs.

Taxes: Where required by state statute, ordinance or regulation, Contractor shall pay for and maintain in current status all taxes that are necessary for contract performance. Unless otherwise indicated, Seattle agrees to pay State of Washington sales or use taxes on all applicable consumer services and materials purchased. No charge by the Contractor shall be made for federal excise taxes and Seattle agrees to furnish Contractor with an exemption certificate where appropriate.

Withholding payment for taxes/business license fees due the City of Seattle: If specified by Seattle Municipal Code the Director of the Department of Executive Administration may withhold payment due a City contractor pending satisfactory resolution of unpaid taxes and fees due the City.

12. **Pricing:** Pricing reflects the following agreements. These are in addition to annual Prevailing Wage adjustments if required. The Buyer may exempt these requirements for extraordinary conditions that could not have been known by either party at the time of bid or other circumstances beyond the control of both parties, as determined in the opinion of the Buyer.

Requests for Rate Increases must be delivered to the City Purchasing Buyer in accordance to the rules below. No other employee may accept a rate increase request on behalf of the City. Any invoice that is sent to the City with pricing above that specified by the City in writing within this Contract or specified within an official written change issued by City Purchasing to this contract, shall be invalid. Payment of an erroneous invoice does not constitute acceptance of the erroneous pricing, and the City would seek reimbursement of the overpayment or would withhold such overpayment from future invoices.

- A. **Discount from Manufacturer List Pricing:** For all contract items that are priced as a discount below Manufacturer List prices, there shall be no changes to the discount rate throughout the life of the contract. As manufacturer list prices change, the net price to the City will automatically change in the same percentage as the discount rate to the City.

- B. **One-time Purchase Order Prices:** If the Bid is for a one-time purchase, pricing shall be firm and fixed for that purchase, and shall not be subject to requests for price increases by the Vendor.
- C. **Hourly rates or Service Pricing:** For multi-year contracts that provide services. Original pricing shall be fixed and firm for the first two years of the contract. Rate increases are at the discretion of the Buyer; and must also be:
1. The direct result of increases to wage rates that do not exceed the CPI Index or other appropriate service rate index agreed upon between the Buyer and the Vendor.
 2. Incurred after contract commencement date.
 3. Not produce a higher profit margin than that on the original contract.
 4. Clearly identify the service titles and the hours of service performed if specified within the contract.
 5. Be filed with Buyer (RFP Coordinator) a minimum of 90 calendar days before the effective date of proposed increase.
 6. Be accompanied by detailed documentation acceptable to the Buyer (RFP Coordinator) sufficient to warrant the increase.
 7. The United States published indices such as the Producer Price Index or other government data may be referenced to help substantiate the Vendor's documentation. A link to the PPI Commodity Data is available at <http://data.bls.gov/PDQ/outside.jsp?survey=wp>.
 8. The Adjustment (if any) shall remain firm and fixed for at least 365 days after the effective date of the adjustment.
 9. Should not deviate from the original contract pricing scheme/methodology
- D. **Fixed Product Pricing:** For product and supply contracts that provide on-going, multiple year supply. Original pricing shall be fixed and firm for the first two years of the contract. Price requests are at the discretion of the Buyer; and must also be:
1. The direct result of increases at the manufacturer's level (or if Vendor is a supplier of a raw material delivered directly to the City such as cement or soil, the increase must be verified at the supplier level).
 2. Incurred after contract commencement date.
 3. Not produce a higher profit margin than that on the original contract.
 4. Clearly identify the items impacted by the increase.
 5. Be filed with Buyer (RFP Coordinator) a minimum of 90 calendar days before the effective date of proposed increase.
 6. Be accompanied by detailed documentation acceptable to the Buyer (RFP Coordinator) sufficient to warrant the increase.
 7. The United States published indices such as the Producer Price Index or other government data may be referenced to help substantiate the Vendor's documentation. A link to the PPI Commodity Data is available at <http://data.bls.gov/PDQ/outside.jsp?survey=wp>.
 8. The Adjustment (if any) shall remain firm and fixed for at least 365 days after the effective date of the adjustment.
 9. Should not deviate from the original contract pricing scheme/methodology.
13. **Cost Reductions:** Any cost reductions to the Vendor, such as rebates or "specials", shall be reflected in a reduction of the contract price effective immediately. Seattle will not be bound by prices contained in an invoice that are higher than those in the contract. Unless the higher price has been accepted by the City and the contract amended, the invoice may be rejected and returned to the Vendor for corrections.
14. **Invoicing:** The Vendor is required to provide a method for tracking the cost of the item to the City, with the City discount calculation displayed so that pricing discounts can be easily tracked and verified by the City with each invoice. Each invoice to the City shall specify the "Manufacturers Current List Price," the discount rate that the City receives, and the final net cost to the City.
15. **Catalogue and Manufacturer List Pricing:** Upon City request, the Vendor shall provide access to the "Manufacturer's Current Price List" in electronic and/or paper format. Such requests may be for current catalogue pricing or for past catalogue that are within the term of the contract.

16. **Delivery of Products and Services – Idling Prohibited:** Vehicles and/or diesel fuel trucks shall not idle at the time and location of the delivery to the City for more than five minutes. The City requires vendors to utilize practices that reduce fuel consumption and emission discharge, including turning off trucks and vehicles during delivery of products to the City. Exceptions to this requirement include when a vehicle is making deliveries and associated power is necessary; when the engine is used to provide power in another device, and if required for proper warm-up and cool-down of the engine. Specific examples include “bucket” trucks that allow a worker to reach wires on telephone poles or tree branches for trimming; and vehicles with a lift on the back of a truck to move products in and out of the truck. The City of Seattle has a commitment to reduction of unnecessary fuel emissions. The City intends to improve air quality by reducing unnecessary air pollution from idling vehicles. Limiting car and truck idling supports cleaner air, healthier work environments, the efficient use of city resources, the public’s enjoyment of City properties and programs, conservation of natural resources, and good stewardship practices.
17. **Travel and Direct Charges:** If the specifications and scope of work for this purchase have specifically identified travel and/or direct costs that the City intends to reimburse, then the following requirements shall apply. All such expenses must be pre-approved in writing by the Project Manager. If the specifications and scope of work do not clearly identify such costs for compensation, then no compensation will be given.
- City will reimburse the Contractor at actual cost for expenditures that are pre-approved by the City in writing and are necessary and directly applicable to the work required by this Contract provided that similar direct project costs related to the contracts of other clients are consistently accounted for in a like manner. Such direct project costs may not be charged as part of overhead expenses. Direct charges may include, but are not limited to the following items: travel, printing, long distance telephone, supplies, computer charges, and fees of subconsultants or subcontractors.
 - The billing for direct expenses specifically identifiable with this project shall be an itemized listing of the charges supported by copies of the original bills, invoices, expense accounts, subconsultant/subcontractor paid invoices, and other supporting documents used by the Contractor to generate invoice(s) to the City. The original supporting documents shall be available to the City for inspection upon request. All charges must be necessary for the services provided under this Contract.
 - The City will reimburse the actual cost for travel expenses incurred as evidenced by copies of receipts supporting such travel expenses, and in accordance with the City of Seattle Travel Policy, details of which can be provided upon request.
 - **Airfare:** Airfare will be reimbursed at the actual cost of the airline ticket. The City will reimburse for Economy or Coach Fare only. Receipts detailing each airfare are required.
 - **Meals:** Meals will be reimbursed at the Federal Per Diem daily rate for the city in which the work is performed and do not require receipts or additional documentation. The City will not reimburse for alcohol at any time.
 - **Lodging:** Lodging will be reimbursed at actual cost incurred up to a maximum of the published Runzheimer Cost Index for the city in which the work was performed. Receipts detailing each day / night lodging are required. The City will reimburse at the single occupancy rate. As an alternative, lodging billed at the published Federal Per Diem daily rate for the city in which the work is performed does not require receipts or additional documentation. In this case, the invoice needs to state that "the lodging is being billed at the Federal Per Diem daily rate."
 - **Vehicle mileage:** Vehicle mileage will be reimbursed at the Federal Internal Revenue Service Standard Business Mileage Rate in effect at the time the mileage expense is incurred (currently that rate is 48.5 cents per mile.)
 - **Rental Car:** Rental car expenses will be reimbursed at the actual cost of the rental. Rental car receipts are required for all rental car expenses (the City will only pay for the rental of "Compact" vehicles unless three or more persons are sharing one vehicle in which case a "Mid-sized" vehicle rental is acceptable).

- **Miscellaneous Travel** (e.g. parking, gas, taxi, shuttle, tolls, ferry fees, etc.): Miscellaneous travel expenses will be reimbursed at the actual cost incurred. Receipts are required for each expense of \$10.00 or more.
 - **Miscellaneous other business expenses** (e.g. printing, photo development, binding): Other miscellaneous business expenses will be reimbursed at the actual cost incurred. Receipts are required for all miscellaneous expenses that are billed.
 - **Subcontractor:** Subcontractor expenses will be reimbursed at the actual cost incurred. Copies of all subcontractor invoices that are rebilled to the City are required.
18. **Delivery:** Except when instructed otherwise, Delivery must be made during normal work hours and within timeframes proposed by Contractor herein and as accepted by Seattle. Failure to comply may subject Contractor to non-delivery assessment charges and/or damages as appropriate. Seattle reserves the right to refuse shipment when delivered before or after normal working hours. Contractor shall verify specific working hours of offices and so instruct carrier(s) to deliver accordingly. The acceptance by Seattle of late performance without objection or reservation shall not waive the right of Seattle to claim damages for such breach, nor preclude Seattle from pursuing any other remedy provided herein, including termination, nor constitute a waiver of the requirements for the timely performance of any obligation remaining to be performed by Contractor. All deliveries are to be made to the applicable delivery location in accordance with Interstate Commerce Commission rules or as indicated in Purchase Order. When applicable, Contractor shall take necessary actions to safeguard items during inclement weather.
19. **Identification:** All invoices, packing slips, packages, instruction manuals, correspondence, shipping notices, shipping containers, and other written documents affecting this contract shall be identified by the applicable purchase order number. Packing lists shall be enclosed with each shipment, indicating the contents therein.
20. **Charges for handling:** No charges will be allowed for handling that includes but is not limited to packing, wrapping, bags, containers, or reels, unless otherwise stated herein.
21. **Contract Notices:** Contract notices shall be delivered to the Buyer at the addresses specified in the solicitation.
22. **Representations:** Contractor represents and warrants that it has the requisite training, skill and experience necessary to provide Work and is appropriately accredited and licensed by all applicable agencies and governmental entities.
23. **Warranties:** Contractor warrants that all materials, equipment, and/or services provided under this Contract shall be fit for the purpose(s) for which intended, for merchantability, are properly package, proper instructions and warnings are supplied, that all goods comply with applicable safety and health standards, that an MSDS Sheet is supplied as required by law, and that products or services conform to the requirements and specifications herein. Acceptance of any service and inspection incidental thereto by Seattle shall not alter or affect the obligations of the Contractor or the rights of Seattle.
24. **Independent Contractor:** It is the intention and understanding of the Parties that Contractor shall be an independent contractor and that Seattle shall be neither liable for nor obligated to pay sick leave, vacation pay or any other benefit of employment, nor to pay any social security or other tax that may arise as an incident of employment. The Contractor shall pay all income and other taxes as due. Industrial or other insurance that is purchased for the benefit of the Contractor shall not be deemed to convert this Contract to an employment contract. It is recognized that Contractor may or will be performing work during the term for other parties and that Seattle is not the exclusive user of the services that Contractor provides.
25. **Inspection:** Work shall be subject, at all times, to inspection by and with approval of Seattle, but the making (or failure or delay in making) such inspection or approval shall not relieve Contractor of responsibility for performance of the Work in accordance with this Contract, notwithstanding Seattle's knowledge of defective or noncomplying performance, its substantiality or the ease of its discovery. Contractor shall provide sufficient, safe, and proper facilities and equipment for such inspection and free access to such

facilities.

26. **Title, Risk of Loss, Freight, Overages or Underages:** Title of goods received under this contract shall remain with the Contractor until they are delivered to the address specified, at which time title passes to Seattle. Regardless of FOB point, Contractor agrees to bear all risks of loss, injury, or destruction of goods and materials ordered herein which occur prior to delivery and acceptance. Such loss, injury, or destruction shall not release Contractor from any obligations under. Prices include freight prepaid and allowed. Contractor assumes the risk of every increase, and receives the benefit of every decrease, in delivery rates and charges. Shipments shall correspond with the Contract; any unauthorized advance or excess shipment is returnable at Contractor's expense.
27. **Performance:** Acceptance by Seattle of unsatisfactory performance with or without objection or reservation shall not waive the right to claim damage for breach, or terminate the contract, nor constitute a waiver of requirements for satisfactory performance of any obligation remaining to be performed by Contractor.
28. **Affirmative Efforts:**
- **Employment Actions:** Contractor shall not discriminate against any employee or applicant for employment because of race, religion, creed, age, color, sex, marital status, sexual orientation, gender identity, political ideology, ancestry, national origin, or the presence of any sensory, mental or physical handicap, unless based upon a bona fide occupational qualification. Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their creed, religion, race, age, color, sex, national origin, marital status, political ideology, ancestry, sexual orientation, gender identity, or the presence of any sensory, mental or physical handicap. Such action shall include, but not be limited to employment, upgrading, promotion, demotion, or transfer; recruitment or recruitment advertising, layoff or termination, rates of pay, or other forms of compensation and selection for training.
 - In accordance with Seattle Municipal Code Chapter 20.42, Contractor shall actively solicit the employment and subcontracting of women and minority group members when necessary and commercially useful for purposes of fulfilling the scope of work required for this Contract. Contractors shall actively solicit subcontracting bids from subcontractors as needed to perform the work of this contract, from qualified, available and capable women and minority businesses. Contractors shall consider the grant of subcontracts to women and minority bidders on the basis of substantially equal proposes in the light most favorable to women and minority businesses. At the request of Seattle, Contractor shall promptly furnish evidence of the Contractor's compliance with these requirements.
 - If upon investigation, the Director of Executive Administration finds probable cause to believe that the Contractor has failed to comply with the requirements of this Section, the Contractor shall notified in writing. The Director of Executive Administration shall give Contractor an opportunity to be heard, after ten calendar days' notice. If, after the Contractor's opportunity to be heard, the Director of Executive Administration still finds probable cause, s/he may suspend the Contract and/or withhold any funds due or to become due to the Contractor, pending compliance by the Contractor with the requirements of this Section.
 - Any violation of the mandatory requirements of this Section, or a violation of Seattle Municipal Code Chapter 14.04 (Fair Employment Practices), Chapter 14.10 (Fair Contracting Practices), Chapter 20.45 (City Contracts – Non-Discrimination in Benefits), or other local, state, or federal non-discrimination laws, shall be a material of contract for which the Contractor may be subject to damages and sanctions provided for by the Vendor Contract and by applicable law. In the event the Contractor is in violation of this Section shall be subject to debarment from City contracting activities in accordance with Seattle Municipal Code Section 20.70 (Debarment).
29. **Equal Employment Opportunity:** All Contractors must comply with federal Executive Order 11246, "Equal Employment Opportunity," as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and as supplemented by regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.:
30. **Civil Rights Act Title VI:** The Contractor must comply with the provisions of the Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.). The law provides that no person in the United States shall, on the grounds of race, color or national origin, be

denied the benefits of, be excluded from participation in, or be subjected to, discrimination under any program or activity receiving federal financial assistance.

31. Equal Benefits.

- Compliance with SMC Ch. 20.45: The Contractor shall comply with the requirements of SMC Ch. 20.45 and Equal Benefits Program Rules implementing such requirements, under which the Contractor is obligated to provide the same or equivalent benefits ("equal benefits") to its employees with domestic partners as the Contractor provides to its employees with spouses. At Seattle's request, the Contractor shall provide complete information and verification of the Contractor's compliance with SMC Ch. 20.45. Failure to cooperate with such a request shall constitute a material breach of this Contract. (For further information about SMC Ch. 20.45 and the Equal Benefits Program Rules call (206) 684-0430 or review information at <http://cityofseattle.net/contract/equalbenefits/>.)
- Remedies for Violations of SMC Ch. 20.45: Any violation of this section shall be a material breach of Contract for which the City may:
 - a. Require the Contractor to pay actual damages for each day that the Contractor is in violation of SMC Ch. 20.45 during the term of the Contract; or
 - b. Terminate the Contract; or
 - c. Disqualify the Contractor from bidding on or being awarded a City contract for a period of up to five (5) years; or
 - d. Impose such other remedies as specifically provided for in SMC Ch. 20.45 and the Equal Benefits Program Rules promulgated there under.

32. Publicity: No news release, advertisement, promotional material, tour, or demonstration related to the City's purchase or use of the Contractor's product or any work performed pursuant to this Contract shall be produced, distributed or take place without the prior, specific written approval of the City's Project Director or his/her designee.

33. Proprietary and Confidential Information:

Contractor's Understanding and Obligations:

1. Contractor understands that any records (including but not limited to bid or proposal submittals, the Agreement, and any other contract materials) it submits to the City, or that are used by the City even if the Contractor possesses the records, are public records under Washington State law, RCW Chapter 42.56. Public records must be promptly disclosed upon request unless a statute exempts them from disclosure. The Contractor also understands that even if part of a record is exempt from disclosure, the rest of that record generally must be disclosed.
2. Contractor must separate and clearly mark as "proprietary" all records related to this Agreement or the performance of this Agreement that the Contractor believes are exempt from disclosure. The Contractor is familiar with potentially-applicable public-disclosure exemptions and the limits of those exemptions, and will mark as "proprietary" only information that the Contractor believes legitimately fits within an exemption and will state the statutory exception upon which it is relying.
3. If Seattle notifies the Contractor under Paragraph B 2 of a public disclosure request, and the Contractor believes records are exempt from disclosure, it is the Contractor's responsibility to make determination and pursue a lawsuit under RCW 42.56 to enjoin disclosure. The Contractor must obtain the injunction and serve it on the City before the close of business on the tenth business day after the City sent notification to the Contractor. It is the Contractor's discretionary decision whether to file the lawsuit.
4. If the Contractor does not timely obtain and serve an injunction, the Contractor is deemed to have authorized releasing the record.

request.

"Authorized persons" means those City officers, employees, contractors and consultants for whom the proprietary information is necessary to perform their duties or obligations to the City.The term "proprietary information" does not include ideas, concepts, know-how or techniques related to any information that, at the time of disclosure, is in the public domain, unless the entry of that information into the public domain is a result of a breach of this Contract.

The City's failure to insist on performance of any of the terms or conditions herein or to exercise any right or privilege or the City's waiver of any breach hereunder shall not thereafter waive any other term, condition, or privilege, whether of the same or similar type.

Either party may decline or discontinue such discussions and may then pursue other means to resolve such disputes, or may by mutual agreement pursue other dispute alternatives such as alternate dispute resolution processes. Nothing in this dispute process shall in any way mitigate the rights, if any, of either party to terminate the contract in accordance with the termination provisions herein.

Notwithstanding above, if Seattle believes in good faith that some portion of Work has not been completed satisfactorily, Seattle may require Contractor to correct such work prior to Seattle payment. In such even, Seattle must clearly and reasonably provide to Contractor an explanation of the concern and the remedy that Seattle expects. Seattle may withhold from any payment that is otherwise due, an amount that Seattle in good faith finds to be under dispute, or if the Contractor does not provide a sufficient remedy, Seattle may retain the amount equal to the cost to Seattle for otherwise correcting or remedying the work not properly completed.

In such case, the Contractor shall continue to provide products and services as required by the Buyer until the effective date provided in the termination notice.

Actions upon Termination: In the event of termination not the fault of the Contractor, the Contractor shall be paid for the services properly performed prior to termination, together with any reimbursable expenses then due, but in no event shall such compensation exceed the maximum compensation to be paid under the Contract. The Contractor agrees that this payment shall fully and adequately compensate the Contractor and all subcontractors for all profits, costs, expenses, losses, liabilities, damages, taxes, and charges of any kind whatsoever (whether foreseen or unforeseen) attributable to the termination of this Contract. Upon termination for any reason, the Contractor shall provide Seattle with the most current design documents, contract documents, writings and other product it has completed to the date of termination, along with copies of all project-related correspondence and similar items. Seattle shall have the same rights to use these materials as if termination had not occurred.

A Force Majeure event is an event that prohibits performance and is beyond the control of the party. Such events may include natural or man-made disasters, or an action or decree of a superior governmental body, which prevents performance.

Force Majeure under this Section shall only apply in the event that performance is rendered not possible by either party or its agents. Should it be possible to provide partial performance that is acceptable to the City under Section #2 (Emergencies or Disasters), Section #2 below shall instead be in force.

Should either party suffer from a Force Majeure event and is unable to provide performance, such party shall give notice to the remaining party as soon as practical and shall do everything possible to resume performance.

Upon receipt of such notice, the party shall be excused from such performance as is affected by the Force Majeure Event for the period of such Event. If such Event affects the delivery date or warranty provisions of this Agreement, such date or warranty period shall automatically be extended for a period equal to the duration of such Event.

65. **Major Emergencies or Disasters:** The City may undergo an emergency or disaster that may require the Contractor to either increase or decrease quantities from normal deliveries, or that may disrupt the Contractor's ability to provide normal performance. Such events may include, but are not limited to, a storm, high wind, earthquake, flood, hazardous material release, and transportation mishap, loss of any utility service, fire, terrorist activity or any combination of the above. The Contractor shall charge the City the price determined in this Contract for the goods and services provided, and if no price has been determined, it shall charge the City a price that is normally charged for such goods and/or services (such as listed prices for items in stock). However, in the event that the City's request results in the Contractor incurring unavoidable additional costs and causes the Contractor to increase prices in order to obtain a fair rate of return, the Contractor shall charge the City a price not to exceed the cost/profit formula found in this Contract.

66. **Interlocal Cooperation Act:** RCW 39.34 allows cooperative purchasing between public agencies, and other political subdivisions. SMC 20.60.100 also allows non profits to use these agreements. Such agencies that file an Intergovernmental Cooperative Purchasing Agreement with the City of Seattle may purchase from Contracts established by the City. Unless Vendor declines on the Offer submitted by the Seller to the City, the Vendor agrees to sell additional items at the bid prices, terms and conditions, to other eligible governmental agencies that have such agreements with the City. The City of Seattle accepts no responsibility for the payment of the purchase price by other governmental agencies. Should the Vendor require additional pricing for such purchases, the Vendor is to name such additional pricing upon Offer to the City.
67. **Selling to City Vendors:** Unless rejected by the Vendor in the Offer submitted to the City, the Contract will default to permitting City contractors to accept orders from City Vendors who are working on City projects, and sell the Vendors your products at the City contract price.
